

MR-180

(Ring Needle Oil for Textile Machine)

Description

MR-180 is Ring Needle Oil for Textile Machine. As MR-180 is composed of highly refined base oil and selected additives, it has good water washability and prevents wearing, oxidation, rusting the equipment and improves oiliness. The outstanding lubricity between fibre and metal decreases the friction between needle and fibre and also fibre and guide.

- Good thermal stability.
- Anti-wearing property.
- Rust prevention on a machine equipment especially during the long time standstill.
- Provides long tool life.

Application

- Warping and Knitting Machine
- Wet Knitting Machine
- Hosiery Machine

Special Characteristics

- Good compatibility with oiling agent for warping and weaving and water washability. It causes no problems like dye staining on the fibre.

Product Characteristics

Properties	Units	Value
Appearance	Visual	White Brownish Transparent Liquid
Viscosity @ 40 °C	cSt	22
PH Value	25% Emulsion	8.5
Colors	ASTM	0.511
Emulsion Appearance	25% Emulsion	Milky
Emulsion Stability	25% aq. Sol'n	Pass
Specific Gravity	g/ml	0.8744
Solubility	-	Easily soluble in water
Ionic Type	-	Anion
